

REACH Compliance Declaration

We, Polytron Devices, hereby declare that all products are totally in compliance with the Regulation EC 1907/2006-REACH-SVHC Directive in addition to Lead Oxide (CAS# 1317-36-8), Lead (CAS# 7439-92-1) and customer special requirements.

Polytron Device's products do not contain Substances of Very High Concern (in addition to Lead Oxide (CAS# 1317-36-8), Lead (CAS# 7439-92-1) and customer special requirements) or if there are SVHC in the product, the content is less than the 0.1% (wt/wt) as defined by REACH Article 57, Annex XIV, Directive 67/548/EEC. Therefore the requirement in REACH Article 7 (2) to notify ECHA if a product contains more than 0.1% wt/wt of an SVHC and tonnage exceeding 1 ton per importer per year is not applicable.

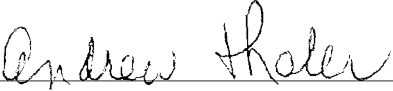

Polytron Device's products are considered articles as defined in REACH Article 3 (3). These products under normal and reasonable conditions of use do not have intended release of Substances, therefore the requirement in REACH Article 7 (1) (b) for registration of substances contained in these products does not apply.

Some Polytron Device's products contain Lead Oxide (CAS# 1317-36-8) and Lead (CAS# 7439-92-1), now listed as a Substance of Very High Concern (SVHC). However, we claim no exposure of this material to humans or the environment during normal usage or disposal. The sum of this material in our products imported into the E.U. is also less than one ton per year.

We do not manufacture or import chemicals; therefore Polytron Devices has no obligation to register substances. In such cases the lead is RoHS exempted with 7a (lead in high melting temperature type die attach solders) and 7c-I (lead in glass or ceramic).

SVHC list is based on the publication by European Chemicals Agency (ECHA)
